

Greedy Contractors are trying to destroy the IUOE Apprenticeship Program

We all know that IUOE training means:

- **Fair Pay**

Workers who complete an IUOE apprenticeship program earn \$300,000 more over the course of a career.

- **Better Safety**

Workers who complete an IUOE apprenticeship program are less likely to be injured or lose their life on the job.

The IUOE invests \$180 million dollars every year creating the best trained workforce in the world. IUOE apprenticeship programs produce highly skilled Operating Engineers who deliver projects on-time and under-budget.

But greedy anti-union contractors want to destroy our apprenticeship programs. They are determined to lower our standards, cut corners, and boost profits on the backs of their workers.

It's time to make our voices heard and stop the assault on our training.
